

AUTO TRAGEDY STRIKES COMMUNITY

ANNOUNCEMENT

This is to announce that Oliver Gedeist, as of June 11, is no longer connected with the Semmler Newspapers and the managing and editing has been resumed by me as formerly.

I cannot tell how deeply touched I have been by the many wonderful expressions of confidence in me to take up this work again. You said to me, "We want our home town paper as you and Mr. Semmler published it. . . . We can read the large daily papers, any time but our home town paper as the Semmlers edited it, is different. We liked to read the simple activities of our neighbors, who won prizes at the parties etc., in a style that you don't read in the large daily papers. . . . We need the old-time goodwill. . . . We want the Semmlers back."

And many more such kind expressions. Forgive me if this sounds like boasting. I do not want it to, but just to let all know what you have been saying to me, in all quarters, and I tell you my family and I appreciate that more than we can say. It has done something to me. It has given me strength, when I thought I could not do it. It has encouraged me to go on. I know I will make mistakes, but with such fine people and friends, I know you will bear with me.

Life is full of experiences. Some pretty bitter, some lovely. I guess the bitter ones make us think, more than the lovely ones do. There also have been several publisher friends who have come to my home and offered their assistance. Isn't that wonderful? How can I fail when people are so grand? I will try to give you as good a paper as I possibly can. I would be very pleased though, to have expressions from you, of how to improve the paper, and all suggestions. I will try faithfully to carry out, if it is at all possible.

Thanks for being so faithful, for standing by, and now for your help in upholding me. For you and me both, it sometimes takes a change to make us realize things we don't think of because we take them for granted. Things we don't ordinarily think about because we have them as a matter of fact, but when deprived of them we begin to think. What if we were deprived of air, we have it everywhere; or never saw the sunshine?

Gratefully yours,

Margaret M. Semmler,
Editor and Publisher.

"Father Says . . ."

By D. M. Lockwood

When father was a lad, like me, he says he used to swim, And skate, and run and play so hard, It kept him delf and slim, He said he used to jump and shout, and do the strangest things, He said, he thought that he could fly, if only he had wings. Now father likes to smoke his pipe, and take a nap And sometimes take the little ones up in his great big lap. And why he looks so serious, and seldom ever jokes, I sometime wonder why he's changed so much from younger folks. But father sure means business, for he says "when I've grown up" He'll send me off to college where they strive to win the cup. He said I'd make a Doctor or Lawyer or business man. I'm sure I'll be successful, if Father says I can. Now you young lads take heed and strive to be more like your Dad For soon you'll reach your major years; oh, then you'll be so glad You sought to be a manly man, and chose in every way To reach the goal your father set, Blessing your Father's day.

MR. AND MRS. MARTIN MUEHLER MOKENA, RUTH HAMILTON AND TED HOBSON, NEW LENOX, DIE IN CRASH

The communities of Mokena and New Lenox were greatly shocked early Sunday morning when the news became known of the tragic deaths of citizens of these villages.

Mr. and Mrs. Martin Muehler of Mokena were returning from attending a meeting of the Germanic club in Joliet Saturday evening when they became victims in an automobile collision near the entrance of Oakwood cemetery on East Cass street, Joliet.

Going west in a 1948 Ford convertible coupe driven by Ted Hobson of New Lenox was the other car which figured in the head-on collision with the Muehler's Pontiac sedan driven by Mr. Muehler. The accident happened about 12:30 a. m.

Mrs. Muehler was thrown from the car and killed outright.

In the Hobson car were Ruth Hamilton 16, George Robert Stockley 18, all of New Lenox; and Beverly Criss 15, of 212 East Washington street, Joliet. Ruth Hamilton died in Silver Cross hospital a few minutes after the accident, as did also Mr. Muehler.

Ted Hobson died in the same hospital Monday evening about 8 o'clock.

Russell Carey, 17 of 251 Peale street, Joliet said he was driving east on Cass street behind the Muehler car when he saw the Hobson machine swerve over into the east bound traffic lane. He told sheriff deputies Lavern Lauffer, Steve Helis, John Sweed, and Gus Morrocco that he could see what was going to happen and applied his brakes immediately. The impact of the crash pushed the Muehler car back into the Cary car. After hitting the Muehler's machine, the Hobson car spun completely around and struck Carey's left fender.

Silver Cross hospital called the Harold Cooper home in trying to locate the family of Mr. and Mrs. Muehler. Mr. and Mrs. Cooper went to the Barney Hostert home and together Mr. Cooper and Mr. Hostert carried the tragic news to Richard Muehler, son of the accident victims.

Ruth Harriet Hamilton, 16, daughter of Mr. and Mrs. Walter Hamilton of Pine street, New Lenox was a sophomore at the JTHS last term and was active in the 4-H work. She was born in Joliet April 20, 1932. Private funeral services were conducted for her Monday morning in the Sonntag funeral home in Joliet to the Waldheim crematory, Chicago, with the Rev. Ralph Miller, pastor of the New Lenox Methodist church officiating.

She is survived by her parents, two brothers, Pvt. Roger 19, in Alaska with the army and Russell who was 10 last Saturday. Also surviving are her grandparents, Mr. and Mrs. James Laird of Chicago and Mrs. Ida Hamilton of California.

Mr. Muehler was born April 15, 1887 in Saxony, Germany where he spent his boyhood and attended school. He also served the required years in the German army and was employed for a time on a farm and later in coal mines.

In 1907 he married Miss Emilia Hergeter and in 1911 they came to this country and settled in Joliet where he received employment in the American Baking company. In May 1923 they moved to Mokena and established a meat market which he operated for

several years. During the past six years he had been employed as a driver for the Service Bakery in Tinley Park.

Mrs. Muehler passed away in 1925. In 1930 he was married to Wilhelmina Mueller of Joliet and they continued to reside in the Mokena home.

Surviving Mr. Muehler are two daughters, Mrs. Herta Rogers of Joliet; Mrs. Bernice Schroeder of Frankfort, four sons, Max of Chicago; Richard; Walter, and Willy all of Mokena; three brothers, one sister and 14 grandchildren.

Mrs. Muehler was born August 22, 1894 in Hulsterhausen, near Eisen in the Rhineland of Germany. Her parents were John and Henrietta Tasma of Dutch descent. She received her education in Germany. While still in Germany she was married to Jacob Muehler in 1918 and then came to this country and also settled in Joliet where she lived for seven years, before coming to Mokena after her marriage to Martin Muehler.

She assisted Mr. Muehler in the meat market and made many friends. Since the close of World War 2, she had been very concerned about the distress of her relatives and friends in Germany because of the lack of food and clothing. She provided relief for them as much as possible.

She is survived by two sons, Hans and Ludwig of Mokena and one daughter, Mrs. Gretel Gasper of Aurora; three grandchildren and several sisters and brothers in Germany.

Double funeral services were held for Mr. and Mrs. Muehler Tuesday afternoon in St. John Evangelical church, Mokena, with the pastor Rev. William Riemann officiating. Burial was in Elmhurst cemetery, Joliet.

Edward J. Hobson, (Teddy) became the fourth victim of the Saturday night collision when he died Monday evening in Silver Cross hospital, without regaining consciousness.

He was the son of Mr. and Mr. Edward J. Hobson Sr. of New Lenox where he had lived all his life, altho he was born in Chicago. He was a graduate of St. John's Military academy at Delafield, Wis., and had completed a year at the Joliet Junior college this year. His activities took in ROTC work, a member of Company G, 129th Infantry, Illinois National Guard, and a top rank ROTC sharpshooter this year, winning many prizes as a sharpshooter.

Funeral services were held Wednesday afternoon in the Western Funeral parlor, Joliet with the Rev. Kenneth W. Hanson, priest of the Grace Episcopal church, New Lenox, officiating. Burial was in the Oaklawn cemetery in Thornton, Ill.

According to the latest reports from the attending physician, George Robert Stockley, 18 suffered a fractured pelvis and hip, and is doing nicely. Stockley had just entered a two week's training period with the navy reserve and was home on a week end. He is privileged to be moved to the Great Lakes Navy hospital when that is possible.

Mrs. George Criss said her daughter Beverly is suffering greatly from shock and is bulsed, and still in the hospital. She had x-rays taken Wednesday morning.

Coach Ray Ludwig is also proud to have back with the Orland Club as the star hurler, Emil Bornet, who would have been in the major leagues today if the war had not spoiled his chances. Emil stayed on the farm and with his father and brothers farmed about 1000 acres of land for the production of food for the good old USA. Emil Bornet is also a long hitter and will help the batting average of the Orland team.

Orland Park A's are rated as the strongest team in the league. They have had 2 wins and 2 defeats due to errors and bonehead plays.

ROAD AND BRIDGE TAX LEVY APPROVED

Elections were held in Frankfort and New Lenox townships Monday for the purpose of raising the Road and Bridge tax levy from \$.082 to \$.33. This does not mean that the increased levy will go into effect, but it does set the limit to which the tax levy can be made.

There are so many bridges and roads in the townships that need to be repaired and replaced, that with the present levy, is not possible to do so. It is thought that the increase may amount to about \$.16 or \$.20 according to what is needed and can be done. The village streets will also be benefited from this increase.

How They Voted

Frankfort Precinct 1: for 24, against 12. Mokena precinct 2: for 96, against 14.

New Lenox precinct 1: for 67, against 11; precinct 2: for 43, against 15.

It is understood that a like election in Troy township held Monday, also carried.

A public hearing on the Road and Bridge budget and appropriation will be held at 2 o'clock June 29, in Cooper & Hostert's garage in Mokena. The new levy cannot be made before September when the board of auditors will meet.

Refrain of the Freedom Train

By ELIZABETH BUSH

Have you heard the refrain
Of the Freedom Train
As it chugs, chugs, chugs
On its way
Night and day?

Can you hear the sound
(As it echoes round)
Of voices which come from out the past.

That were heard to proclaim
In Freedom's name
We stand for Justice and Liberty?
Immortal words from the pen
Struck off by men
Who were patriots, staunch and true.
"Government of, and by and for all,"
In America, our land,
A republic in a democracy
Where free men take their stand—
Now, can you hear the refrain

Of the Freedom Train
As it chugs—chugs—chugs
On its way,
Night and day?

SCHIFLER-HEATH WEDDING JUNE 13 AT FRANKFORT

One of the prettiest weddings of the season took place Sunday evening, June 13, at 6 o'clock in the Frankfort Methodist church when Calvert Heath Jr., son of Mr. and Mrs. Calvert Heath Sr., of Lincoln Estates and Neva Schifler, daughter of Mr. and Mrs. Glen Schifler were united in marriage by the Rev. Lloyd Coleman.

Proceeding the ceremony Miss Wilma Mark at the organ played a group of love songs, and accompanied Miss Mary Ellen McCoy, cousin of the bride, when she sang "I Love You Truly" and "Because," while Miss Lillian Heath, sister of the groom and Miss Jane Lockhart cousin of the bride, lighted the candles. They wore pink and blue taffeta floor length gowns.

At the sound of Lohengrin's bridal march, the bride on the arm of her father, entered the church attired in a white parachute nylon dress, with long sleeves, a finger tip veil and long train. She carried a bouquet of white roses.

The groom and his best man Mr. Edward Tewes met them at the altar.

Miss Doris Schifler sister of the bride, maid of honor, wore a light green taffeta gown. The bridesmaids were Gertrude Heath, dressed in orchid and Ina Ruth Schifler in pale yellow, all wearing corsages of roses and halos to match their floor length dresses. The little flower girl, Joyce Schifler wore a white floor length taffeta dress, with a halo of white and carried a crocheted basket of rose petals. The attendants dresses were all fashioned alike.

The halos and basket were crocheted by the groom's grandmother and were beautiful. Raymond Schifler and Robert Rainford were ushers.

The single ring service was used by the Rev. Mr. Coleman. After the service pictures were taken on the lawn of the parsonage.

A reception was given at the home of the bride to a large number of relatives and friends.

The young people will reside with her parents until their new home is completed, which is now under construction.

HANDS SEVERELY BURNED

Walter Edwards, Front street, Mokena, received burns on both hands last Thursday afternoon as he was working on a crane in the Rock Island yards at 127th street. A live wire accidentally was touched, and but for the quick action of fellow workers, who turned off the electricity he would have been killed.

The palms of both hands, the left one, moreover, received the force of the live wire. He was removed to St. Francis hospital in Blue Island, where he still is a patient.

European Corn Borer
Situation Improves

The second in a series of weekly bulletins prepared by entomologists at the University of Illinois college of agriculture concerning the corn development and the progress of the corn crop indicates that in northern Illinois and north of U. S. highway 6 the situation is greatly improved.

High borer mortality and improved plowing has greatly reduced the borer population. It appears that only the earliest or most advanced fields are in danger of damage. Pupation is well underway, but moths will not appear in numbers for another week and egg laying is at least 10 to 15 days away. Watch early fields, particularly west of U. S. highway 51, East of U. S. highway 51 and south of U. S. highway 6, conditions are comparable to conditions in area 1. The population is relatively low and there is little or no early corn. West of highway 51, however, particularly in counties adjacent to and west of the Illinois river, we find the most dangerous situation in the state. Moderate to high borer pop-

ulations and five to 20 per cent of the corn planted before May 15. Corn in some fields is now over 10 inches high. Pupation is nearing completion and a few moths have emerged. Begin to watch plants for eggs when corn reaches 20 inches in height (that is, extended height—soil to tip of longest leaf held straight up).

Rufe's Ramblings
By RUFÉ PICKETT

A city dude just passing by wouldn't think much of Bar Creek. Fact is there's nothing there except cotton growing on all sides and where the wagon road crosses the track there is a sign on a post, so weather beaten that it's no longer readable but never the less indicating it's a place designated on the timetable by name. One time way back yonder we had a corpse to unload at Bar Creek. The conductor and I and the undertaker and the engineer, who had come back to help, pallbearered the long box from the baggage car door to a covered wagon. The

only mourners to meet us was an old man and lady, but we all had a mutual feeling of grief. I took out my handkerchief and dried my eyes and climbed into the baggage car. Tears were streaming down the cheeks of the baggage man and neither of us spoke for quite some time.

Finally he looked at me and sez, "That's the third time in less than sixty days that we've stopped there on just such a mission. According to the information I had the first son was drowned, the next was killed by a falling tree, and the one today was the victim of pneumonia. Shakespeare sez that the world is a stage and that we are all actors. Now take us fellers here on this train. Not one of us would go over in vaudeville but we fit right in the cast when we can just act natural. Everybody sez I ought to be a detective. I ain't so good or I wouldn't have let them first two sons get away from me. But that young feller who helped carry that box is going to be surprised when he opens it. I filled it with brick and kept the corpse because it had life in it. Lots of life. Eighteen gallon jugs full of Blue Ridge Mountain cawn."

Henry IV of France, in the edict of Nantes in 1598, granted toleration to the protestant religion. Louis XIV revoked it in 1685.

12,000 MEDICS TO SEE CAESARIAN
OPERATION VIA VIDEO AT MEETING

In the most extensive demonstration ever developed for the use of television as an educational medium, Northwestern University, with the co-operation of three other organizations, will present five days of video to an estimated 12,000 physicians and surgeons attending the convention of the American Medical Association June 21-25 in Chicago.

Aiding the Northwestern medical school in its week-long program of surgical procedures and clinical demonstrations will be E. R. Squibb & Sons, manufacturers of pharmaceuticals; the RCA Victor division of the Radio Corporation of America, which will install \$150,000 worth of equipment and send a staff of 15 technicians to operate it; and Passavant Memorial hospital of Chicago, a university affiliate in Northwestern's developing medical center on its Chicago campus, whose surgical amphitheatres and other facilities will be used exclusively throughout the five days of broadcasts. Among the surgical subjects to be televised will be obstetrical and gynecological procedures, including a Caes-

arian section; the famous "blue baby" operation, perfected by Northwestern surgeons for the correction of the congenital heart defect which prevents an adequate exchange of oxygen in the lungs, early skin grafting in severe burns, gastric resection, and hand and orthopedic surgery.

In addition, the video cameras will reproduce a wide range of clinical material in the fields of internal medicine, orthopedics, cancer; dermatology; endocrinology, and neurology. Cooperative patients will be asked to appear in many of the demonstrations, one of the most significant of which will be concerned with nerve injuries.

REDEDICATION WEEK TO PRECEDE FREEDOM TRAIN IN CHICAGO

Plans to salute the Freedom Train in Chicago July 5 through 9 and observe Rededication Week June 26 through July 4 have been completed.

The train will visit Chicago for a longer period than any of the 307 cities in 48 states on its 13-month tour which started from Philadelphia last September 17. Chicago will be the 227th city on its itinerary.

Rededication to the principles of American citizenship will be observed in the Chicago area for nine days with the program patterned after that arranged for the tour by its sponsor, the American Heritage Foundation, and carried out in other cities visited.

Committees are planning a series of parades, rallies, and other patriotic demonstrations to be held throughout the area. The assemblies will feature a recital of the Freedom Pledge.

The Chicago observance will be inaugurated with "Freedom of Religion Days"—June 26 in synagogues and temples and June 27 in churches.

"Chicago Day and Government Day" on June 28 will be observed in all public offices with employees reciting the Freedom Pledge.

"Youth Day" on June 29 will feature a parade of youth organizations through the loop.

Activities on "Women's Day and Merchant's Day," June 30, will be highlighted by a rally at State and Madison streets sponsored by the State Street Council.

July 1 will be "Labor-Management Day" with all work to cease in plants throughout the area for two minutes for a recital of the pledge. The start will be signaled by the blowing of whistles and the ringing of church bells at 11 a. m.

July 2 will be "New Citizens' Day and American Justice Day." A parade of national groups led by citizens who have received their naturalization papers in recent months is planned for the day and the judiciary and members of the Chicago Bar association propose to hold a mass meeting in the evening.

"Sports Day," Saturday, July 3 will be observed at all major and minor sports events with the fans called on to recite the Freedom Pledge en masse.

Sunday, July 4, "Independence and Veterans' Day," will feature a huge parade of the military and "vets" of all wars to end at Soldier's Field with a gigantic display of fireworks.

Freedom Train is due to reach Chicago early July 5. It will be serviced by

the Illinois Central and moved to its exhibit location in Burnham Park at 16th street and the Outer drive, just south of Soldier Field.

More than 600 feet of track will be installed to route the train into the exhibit site, a contribution by the Illinois Central. The Allis-Chalmers Manufacturing Company donated the bulldozers and other installation equipment.

The Chicago Park District will take over the policing, lighting and other physical assignments incidental to the exhibit. The train is manned by marines under the command of Colonel

Robert Scott. Walter O'Brien is the train director.

Illinois farmers with spring pigs at the weaning stage should make a systematic survey of their swine breeding stock while planning for their fall litters, says Dr. M. E. Mansfield, extension specialist, University of Illinois college of veterinary medicine.

To help increase the number of pigs farrowed this fall, eliminate unhealthy, inefficient, and inferior animals Dr. Mansfield says. Only healthy sows and gilts with characteristics for high meat-

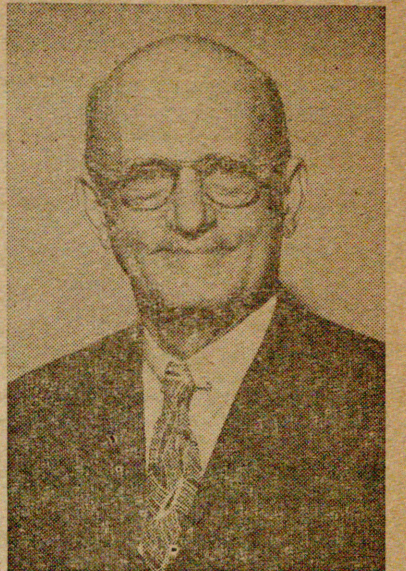

producing efficiency should be carried over as breeding stock.

Whether you have grade or purebred swine, it would be a wise policy to have your herd tested for brucellosis, a disease causing more trouble in Illinois each year. Reactor boars and sows should be removed and new purchases quarantined and tested to prevent in-

fecting healthy animals.

The swine herd's physical examination also should include a check for mange and for cases of chronic erysipelas. Lameness, unthrifty animals with swollen joints might have erysipelas. These animals should be culled from the herd, Dr. Mansfield says.

BIG INDEPENDENCE DAY PLANNED BY BLUE ISLAND LIONS CLUB

A race between 5000 helium-filled balloons with \$500 in cash awards for those which travel the greatest distance will be an unique feature of the Independence Day celebration to be staged by the Blue Island Lions Club Monday, July 5.

Tickets bearing the name of sponsors will be attached to each balloon says James Rigoni, 12807 Greenwood avenue Blue Island, in charge of that part of the celebration.

The opening feature is a gigantic parade starting at 1:30 p. m. It will contain floats competing for prizes as well as a children's division competition. The band from the Glenwood School for Boys will be in the line of march as well as a National Guard Unit.

Four other musical organizations have been signed up for the parade so far. They are: Lemont Municipal Band; the Lamont Boy Scouts Fife and Drum Corps of Austin; the Garetto Twins Clown Band and the Hazlerest Comedy band.

The Fife and Drum corps will also drill at the Community high school stadium as part of the evening program.

The Neva Billiards, well known Chicago amateur baseball team will play the Blue Island Boosters, the regular Blue Island nine, at a special game to be started at the high school stadium, 127th and Sacramento at 2:30 right after the parade.
